

GOVERNMENT OF WEST BENGAL
DIRECTORATE OF COMMERCIAL TAXES
14, BELIAGHATA ROAD, KOLKATA -15

Trade Circular No.06/2014

Date : 08.04.2014

Sub: Change in procedure in the e-Transit Declaration module

In its continuous endeavor to improve online services, the Commercial Taxes Directorate, West Bengal has brought about certain changes in the existing e-Transit Declaration module. The changes in the procedure are described as under –

First, the transporter willing to generate e-Transit Declaration (hereinafter referred to as e-TD in short) has to obtain a **onetime registration** through the 'Transporter Registration' link (the first link) in the e-TD module available in the official website of the Commercial Taxes Directorate www.wbcomtax.gov.in . Transporters have to submit the particulars of business, phone no., mail id etc. After submitting the information, an 'Access Code' will automatically be forwarded to his registered mobile number.

Second, after getting the access code, it is to be used in the second link to generate USER ID & PASSWORD which are necessary for TD generation. These first two steps are for one time use for one transporter.

Finally, using generated user id & password, transporters have to login the third link each time they want to generate a TD. The TD Generation Page has partially been modified to capture more information on consignor, consignee, invoice, consignments etc.
